

Accommodations

.....

All six guest rooms have Jacuzzi tubs and private baths. The rooms on the second floor have queen-size beds.

The third floor suite has a king-size bed and a queen sleeper. It will easily sleep four.

The large well-lit craft/conference room has comfortable rolling chairs and individual tables for each guest.

We encourage all of our guests to bring their own tools and supplies.

A second work room is available for setting up laptops, printers, and die cutters.

A separate snack room is located next to the work room and includes a full size refrigerator and microwave.

Wireless Internet service is available.

The Stone House

was built in 1909 as a private residence for the Louis Perrot family and still features many of the original leaded glass windows, hardwood floors and magnificently maintained oak woodwork. The warm welcoming atmosphere of The Stone House is enhanced by the three fireplaces – one in the parlor on the first floor, one in the Emily Anne room on the second floor, and one in the Perrot Suite.

After a busy day of scrapping, spend a relaxing night in any of the six beautifully decorated rooms.

The Butler's Pantry is stocked with complimentary beverages, freshly popped popcorn, and hot from the oven home-baked cookies. It also includes a gourmet coffee bar and is always open for our guests.
